SOFTWARE DEVELOPER

Experienced Software Developer with a proven track record in developing and delivering high-quality mobile and web applications. Proficient in React Native, React, and TypeScript, with a strong foundation in frontend development. Known for problem-solving skills, effective teamwork, and a commitment to quality.

PROFESSIONAL EXPERIENCE

Logictive Solutions

September 2025 - Present

Frontend Developer

- Developed user-facing features for a healthcare application used to manage patients, caregivers, and staff efficiently
- Ensured application followed HIPAA Compliance standards, focusing on secure handling of sensitive health data
- Built and maintained scalable components and screens for better performance and code reusability
- Ensured cross-browser compatibility and mobile responsiveness
- Fixed bugs and improved existing features based on user feedback and testing
- Worked on multiple frontend projects across domains, delivering scalable and user-friendly applications

Bamboo 61 Pty Ltd

July 2023 - April 2025

Frontend Developer (React Native)

- Developed a crypto investment app with an international team, focusing on frontend redesign and new feature implementation.
- Enhanced application performance and scalability through strategic optimization techniques.
- Contributed to code reviews to ensure code quality and adherence to best practices.
- Performed React Native version updates, package upgrades, and SDK enhancements to ensure application stability, compatibility, and access to the latest features.
- Utilized Visual Studio App Center for build releases and testing, and successfully managed the release process for the app on both the App Store and Google Play Store, ensuring compliance with platform guidelines.
- Developed and maintained frontend components using GatsbyJS and GraphQL, improving site performance and data fetching efficiency.

Virtuosway Software Pvt. Ltd

July 2022 - July 2023

React Native Developer

- Spearheaded the end-to-end development of a custom cross-platform mobile application using React Native, overseeing the entire process from design to deployment, and delivering robust, high-quality solutions for both iOS and Android platforms.
- Collaborated effectively with internal and external teams to identify, address, and resolve key challenges, ensuring the delivery of optimal solutions.
- Integrated React Maps and Socket.io for enhanced app functionalities.

React Developer

- Designed a web application for FIA driving license issuance, enhancing user experience and regulatory compliance.
- Implemented Tailwind CSS and Cypress for frontend development and automated testing.
- Optimized web applications for peak performance and scalability, ensuring a seamless and engaging user experience across diverse devices and browsers.

8Byte Creative Studio

December 2019 - June 2022

React / React Native Developer

- Managed multiple projects, developing a web application and updating existing apps.
- Engineered new user-facing features and components utilizing React's component-based architecture, while ensuring optimal rendering performance.
- Conducted user training sessions to optimize software usage.
- Integrated external APIs and conducted performance troubleshooting to enhance application efficiency.

mDev Solutions Pvt. Ltd

September 2018 - July 2019

Software Developer

- Architected and implemented a comprehensive Parking Management System web application, encompassing both backend and frontend development, from inception to completion.
- Conceptualized and executed the User Interface (UI) and User Experience (UX) design for a website
